- MacOS

## EDUCATION

### 10th Grade in General Studies

Daffodils English School, Bengaluru

Aug 2020

### 12th Grade in Pre-University

New Horizon Pu collage, Bengaluru

Mar 2022

### B.E in Computer Science Engineering

Atria Institute of technology, India

Jul 2026

# VARUN BHARADWAJ S

## COMPUTER SCIENCE ENGINEERING STUDENT

## PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with extensive experience designing, building, and deploying scalable, end-to-end web applications using modern frontend and backend technologies. Adept at problem-solving and leveraging a strong understanding of APIs, databases, and system design to deliver robust, real-world solutions.

## PROJECTS

### APPOINTMENT MANAGEMENT SYSTEM

- Developed a responsive Appointment Management System using React, leveraging state management and form handling to provide users with an intuitive platform for booking, viewing, and managing appointments.

### REAL ESTATE WEBSITE

- Engineered a responsive real estate website leveraging React, Vite, and Tailwind CSS to showcase property listings in a modern, intuitive interface.
- Implemented core React practices, including reusable components and scalable architecture, ensuring smooth navigation and an optimal user experience.

### REAL-TIME CHAT APPLICATION

- Engineered a full-stack, real-time chat application utilizing MERN stack and WebSocket technology, enabling instant, secure one-to-one and group communication with persistent messaging.
- Designed and implemented scalable backend APIs and an optimized database architecture to efficiently process real-time data, ensuring a responsive user experience and robust application reliability.

## CERTIFICATIONS

- Mastering Data Structures & Algorithms using C and C++ — Udemy
